Digital SLR Classes

Do you own a fancy Digital SLR camera (one with interchangeable lenses like the Canon Rebel series, Nikon D3100, 05200, Sony Alpha Range, or some other Digital SLR) but know you are not getting the most from it? Then the Digital SLR sessions are for you. Learn all the basics of using your digital SLR camera in a fun, hands-on way, with the opportunity to have questions answered while completing a project. Participation requires possession of your own Digital SLR camera.

Photography 101

Just for people with little to no photography experience, you'll work to develop basic skills that will help you use your point & shoot camera and be able to take a photograph. You will develop a personal project which will further enable you to improve as you utilize what you learn with the project.

All participants must provide their own point and shoot camera.
